SUCCESS STORY

What changes have you noticed since beginning vision therapy? Use reverse if needed.

There have been so many positive changes. For one, he is reading without complaint. He read the Maze Runner series within 3 1/2 months. Before, he would have to try a year. He is much more confident when it comes to reading out loud.

Have your goals been met? Yes

Please comment: He is doing so much better in reading, which will help him throughout life. His confidence is much better and that will help him throughout his life.

Would you recommend this service to others? Yes

Comments: After speaking to my daughter's teacher several times, she identified some issues that her son had before going to Vision Therapy. She helped when I was looking for answers. I would definitely do the same for others.
